1DT18IS052

# INTRODUCTION

- DSATM PLACEMENT INFO website showcases the current and the former employees review of the company who are placed in Dayananda Sagar Academy of Technology and Management.
- The skeleton of the web project helps the current student to understand and enhance his or her skill as per the current industry instances via the review provided by his or her seniors.

# WHY DO WE HAVE TO DO THIS PROJECT

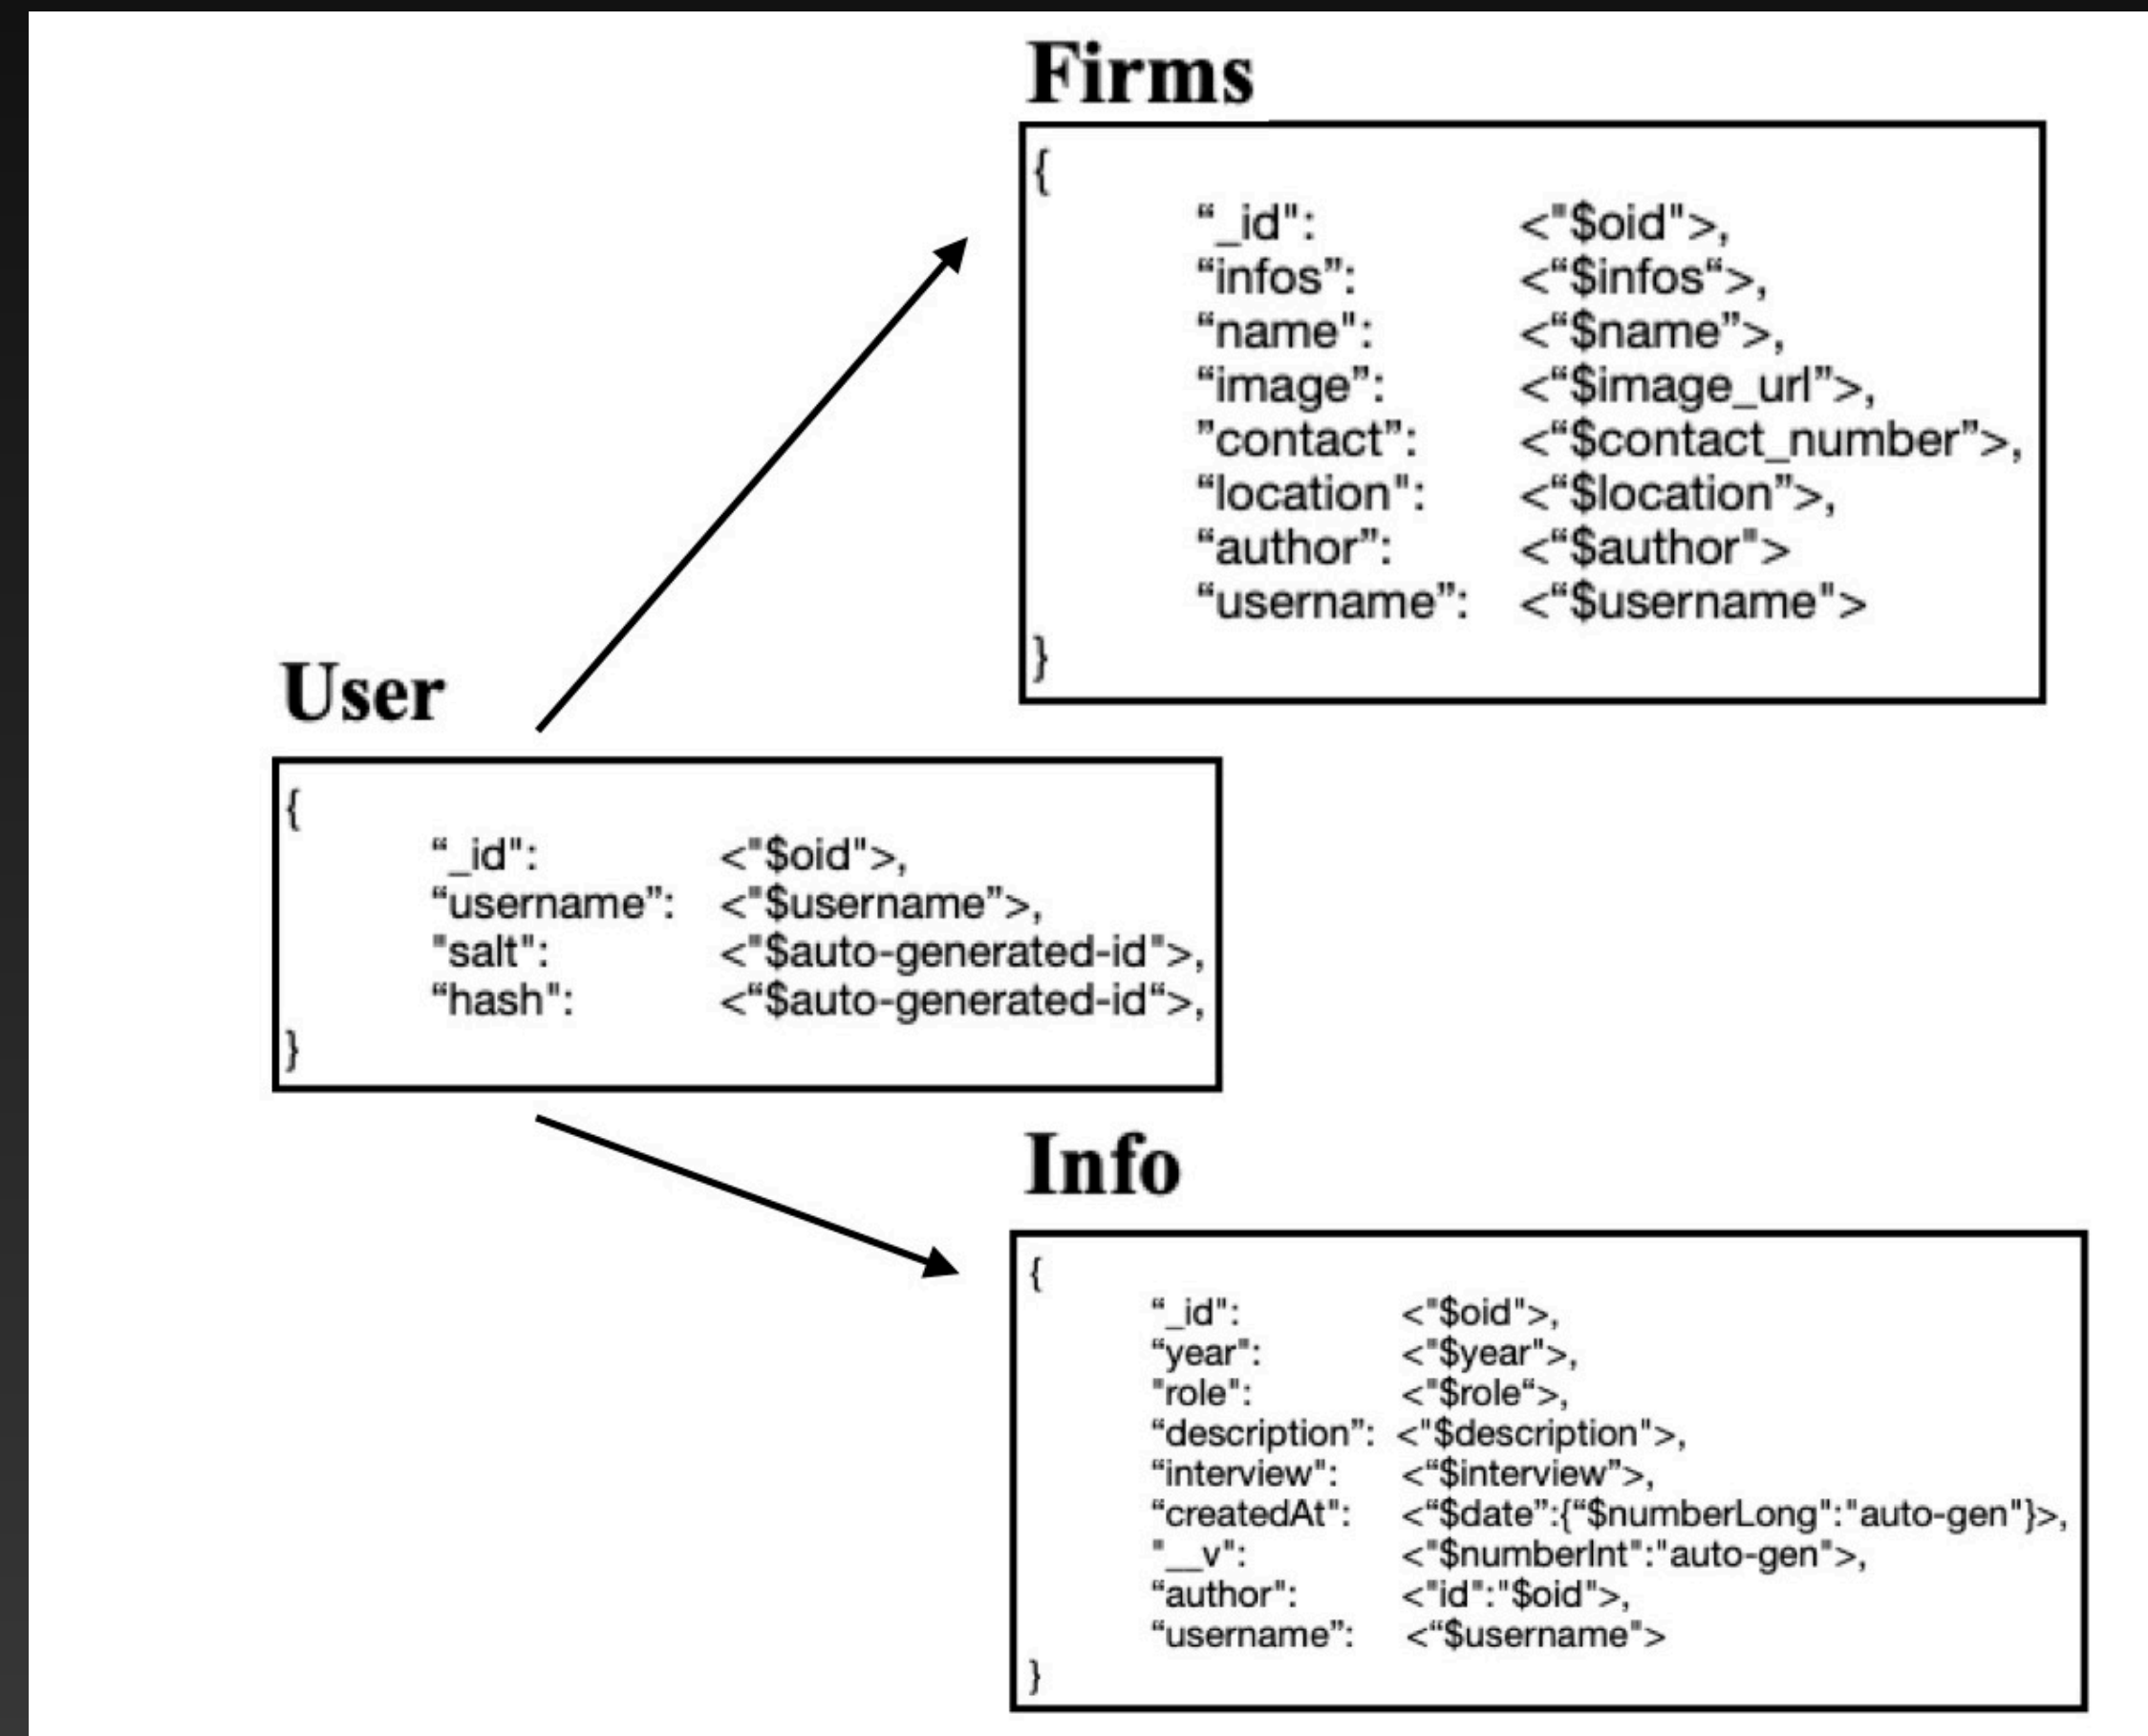

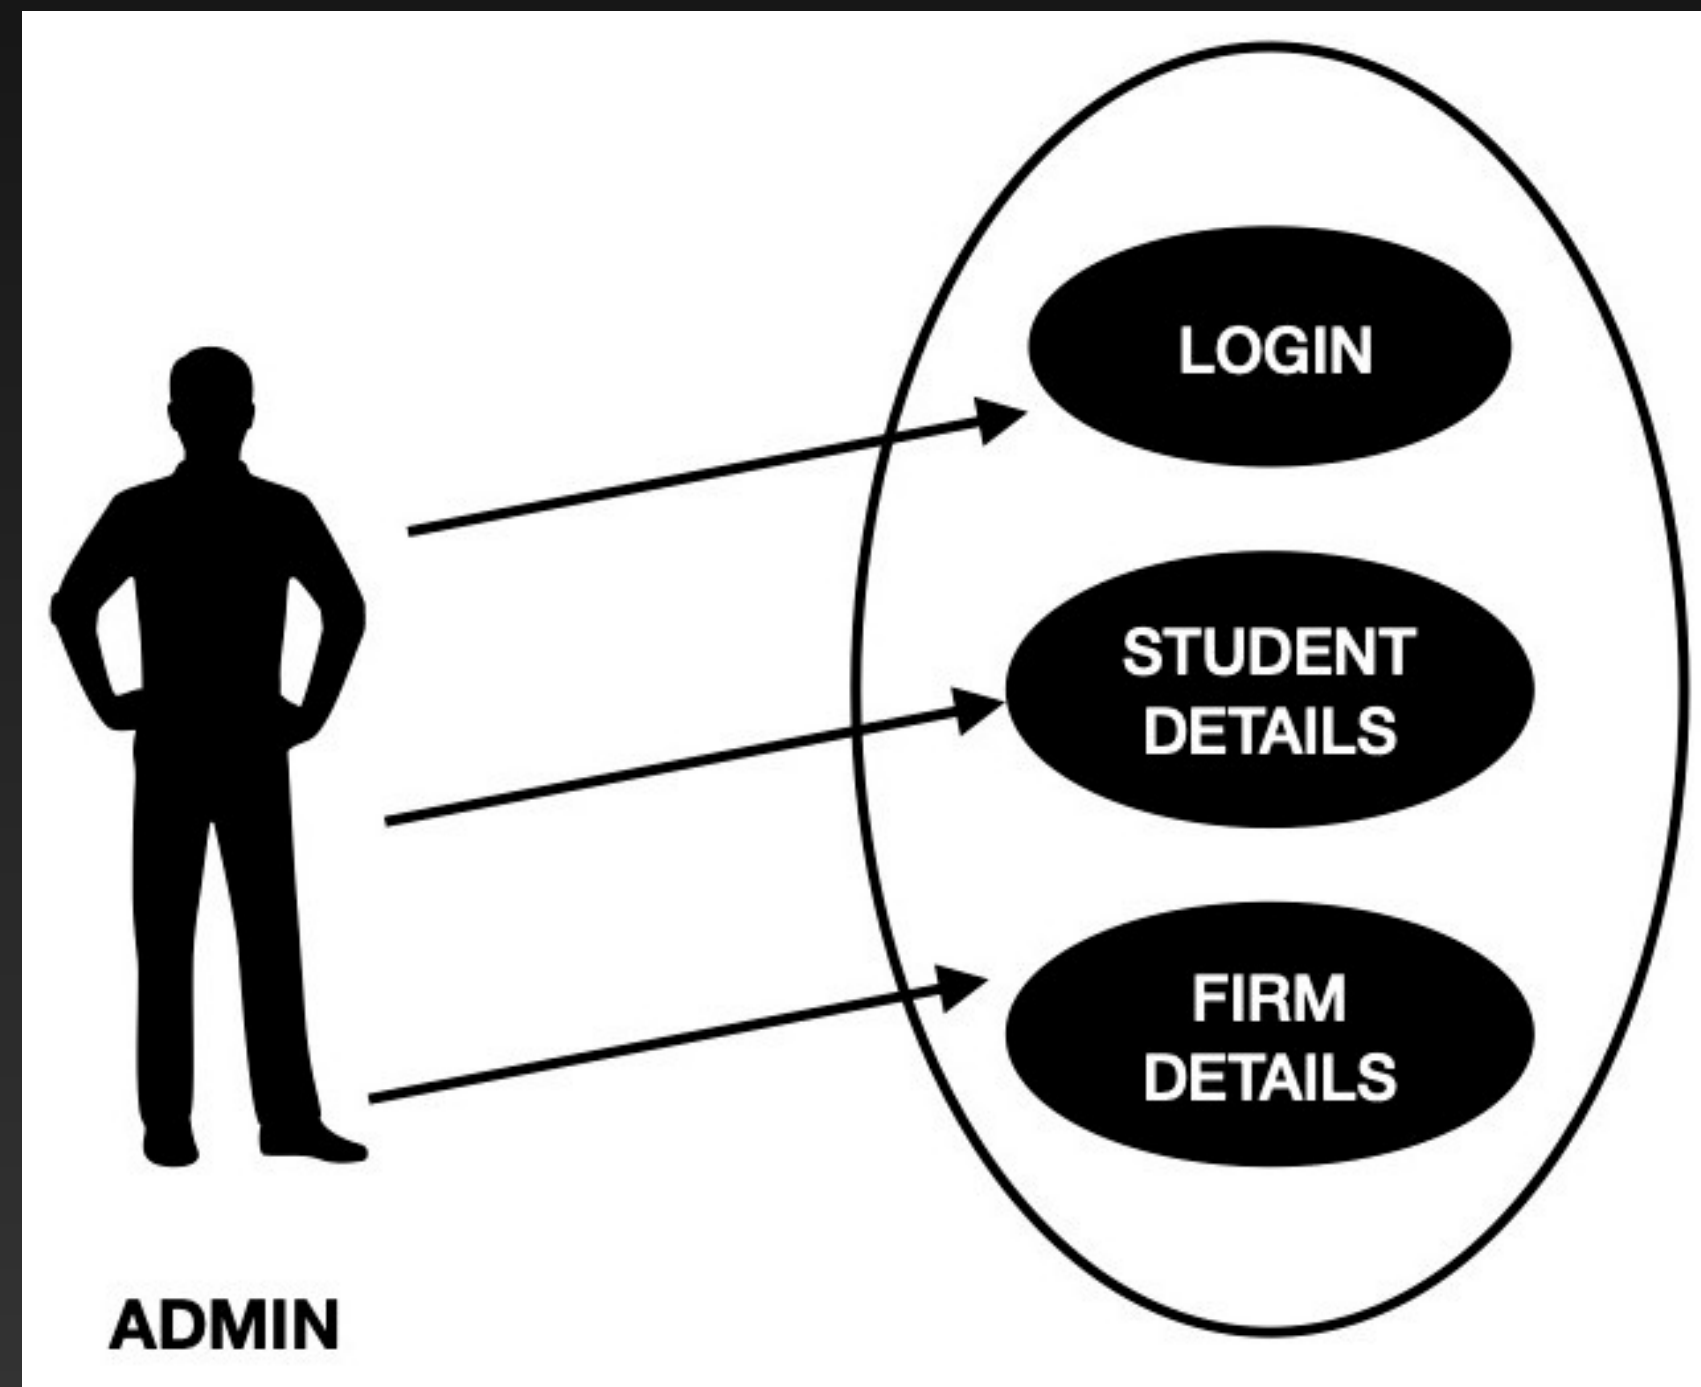

- Project has a big scope to do. Our software will handle the information of Student placement.
- Students who got the job, their details will be stored in the website.
- Students can access previous information about placement.
- This system has scope of improvement amendments.
- We have been successful in maintaining our high placement statistics over the years
- and the fact that our students with record breaking placements itself is a testimony to our quality.

Placement info provide guidance to the students for selecting right career.
