

# ACKNOWLEDGEMENT

We express my/our profound gratitude to **Dr. B R Lakshmikantha, Principal, DSATM, Bangalore**, for providing the necessary facilities and an ambient environment to work.

We are grateful to **Dr. Sumithra Devi K A, Dean Academics and Head of Department, Information Science and Engineering, DSATM, Bangalore**, for her valuable suggestions and advice throughout my/our work period.

We would like to express my deepest gratitude and sincere thanks to our guides **Sahana H R, Assistant Professor, Department of Information Science and Engineering, DSATM, Bangalore**, for her keen interest and encouragement in the project whose guidance made the project into reality.

We would like to thank all the staff members of **Department of Information Science and Engineering** for their support and encouragement during the course of this project.

Definitely most, we would like to thank our parents, all my family members and friends, without whose help and encouragement this project would have been impossible.

**BHARATH H J            1DT18IS015**

**MANVITH J Y            1DT18IS052**

## ABSTRACT

**"DSATM PLACEMENT INFO"** is targeted at users who want an integrated experience. In this scholarly thesis pertinent to the setting up of a automated student performance record management system which enables the users of a university like student and faculty to access the important information with ease through a user friendly web application. This proposed system aims at eliminating the practice of time consuming and vulnerable tradition of manual maintenance of student information in paper at the very basic level. In a university there are many departments all these departments provide various records regarding student. Most of these track records need to maintain information about the students. Thus by proposing a computerizes student record management system will enable the users to access data at any time and any place. The student web portal enables huge storage of data and easy retrieval. There are many departments in a college thus but introducing a student web portal will centralize the administration and the entire system will work as one single entity.
